Cast Introduction

STORY

Super-sweet, super-innocent Yuuki Rito's days of trouble have begun anew! In the middle of Momo's work to set up a harem for Rito (the "Harem Plan"), Yami's younger sister Mea appears on the scene. While working to manifest the "Darkness" lurking within Yami, she begins to feel trepidation at the thought of losing the bonds she's forged while living as an Earthling. At one point, Mea's pranks even ends up causing one of Lala's inventions to go berserk!

Yami (Golden Darkness)

A terrifyingly skilled assassin, viewed as the deadliest in the universe. She received orders to eliminate Rito and made her way to Earth, but before she realized it, she had grown accustomed to life on that blue world!

Yuuki Mikan

Rito's sister. She keeps a close watch on the love between Rito and all the other girls and is Yami's best friend.

Yuuki Rito

A sweet, innocent high school student who leads a life full of never-ending trouble. His heroic personality naturally attracts the love of all those around him!

Lala Satalin Deviluke

The first princess of the planet Deviluke, the world which governs the entire Milky Way Galaxy. When she ran away to Earth, she happened to meet Rito, then fell in love with him and moved into his house.

Sairenji Haruna

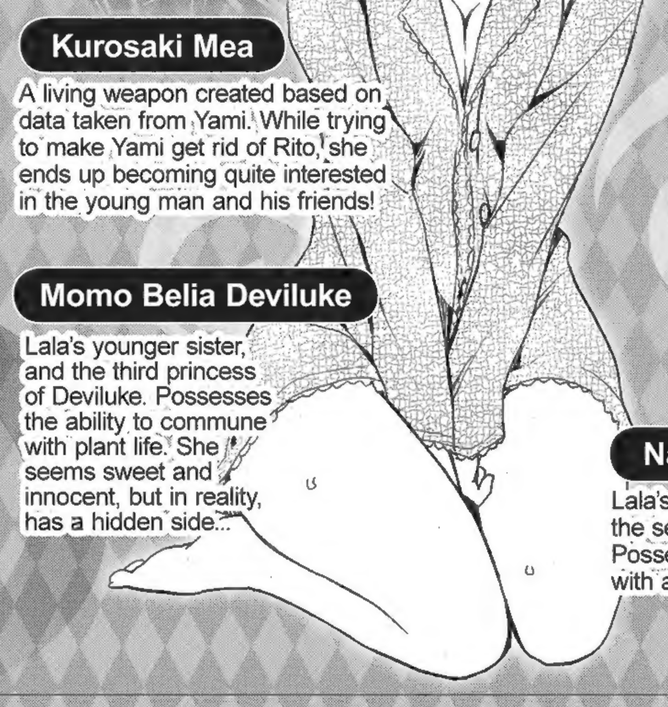

Rito's classmate who has yearned to be with him since they were in middle school together. She confided these feelings to Lala and become her rival for his affections.

Oshizu

Full name: Murasame Shizu. A ghost inhabiting a synthetic body constructed by Mikado. Ever since she got a peek into Mea's mind, Oshizu has been quite suspicious of her!

Master Nemesis

A being born from a completely different plan to develop transformation weapons than the one that produced Yami and Mea. Waiting for Yami's true essence as a weapon--her "Darkness"--to manifest.

Kurosaki Mea

A living weapon created based on data taken from Yami. While trying to make Yami get rid of Rito, she ends up becoming quite interested in the young man and his friends!

Momo Belia Deviluke

Lala's younger sister, and the third princess of Deviluke. Possesses the ability to commune with plant life. She seems sweet and innocent, but in reality, has a hidden side...

Nana Astar Deviluke

Lala's other younger sister, and the second princess of Deviluke. Possesses the ability to commune with animals.

The Darkness Rises!

High school love is hard enough all on its own, and for Rito, it happens to involve the gorgeous princesses of a galactic empire, interstellar assassins, a ghost-girl, and that's just for starters! The antics between all the oddballs at Sainan High have a way of creating one risqué situation after another...but that idyll isn't going to last much longer. The sinister Master Nemesis has long warned of the power of "Darkness" lurking inside of Yami. The time has come for that Darkness to awaken! Can Rito survive the true power of a living weapon?
